The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

**APPROVE THE ACCEPTANCE OF GRANT FUNDS FROM THE DEPARTMENT OF INTERIOR
FISCAL YEAR 2009 RURAL FIRE ASSISTANCE GRANT PROGRAM; AND, APPROVE AN
APPROPRIATION ADJUSTMENT RECOGNIZING GRANT FUNDING**

SUBJECT

The Consolidated Fire Protection District of Los Angeles County (District) is requesting approval to accept \$15,800 in grant funding from the Department of Interior Fiscal Year 2009 (FY 09) Rural Fire Assistance (RFA) Grant Program (Grant Agreement Number H8140100023); and, approval of the appropriation adjustment recognizing the grant funding.

IT IS RECOMMENDED THAT YOUR BOARD:

ACTING AS THE GOVERNING BODY OF THE CONSOLIDATED FIRE PROTECTION DISTRICT
OF LOS ANGELES COUNTY:

1. Accept \$15,800 in grant funding, from the Department of Interior FY 09 RFA Grant Program (Grant Agreement Number H8140100023) (Attachment A). The grant will provide funding for the District to purchase five high-pressure centrifugal fire pumps for the District's Air and Wildland Division Camps Section. This grant requires a ten percent District match of \$1,580 which will be provided through the District's Operations Budget Unit Services and Supplies appropriation.
2. Authorize the Fire Chief, or his designee, to sign any documents required by the Department of Interior that are associated with the administration and management of this grant.
3. Approve the attached Appropriation Adjustment (Attachment B), recognizing \$16,000 in grant funding for Fiscal Year 2009-10 in the District's Operations Budget Unit Services and Supplies appropriation (for budgeting purposes, grant funding reflected on the appropriation adjustment has

been rounded to the nearest thousandth).

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the RFA Grant Program is to award one-year grants to enhance the fire protection capabilities of Rural Fire Departments (RFDs), by helping RFDs meet accepted standards of wildland fire qualifications, training, and performance for initial and extended attack at the local level. Although not considered a RFD, the District qualifies for RFA Grant Program funding as we do encompass rural zones and communities within our jurisdiction with populations not exceeding 10,000. Allowable RFA Grant Program activities include wildland training, equipment, and prevention.

Approval of the recommendations now before your Board will allow the District to purchase five high-pressure centrifugal fire pumps for the District's Air and Wildland Division Camps Section for an approximate total of \$16,000. Although the fire pumps are not required to meet accepted standards or any other legal mandate, they will enhance existing response capabilities. The appropriation adjustment will provide adequate funding to address the expenditures noted below:

- Services and Supplies \$16,000

This grant builds upon capabilities developed with funding awarded through the FY 08 RFA Grant Program which financed the initial purchase of eight high-pressure centrifugal fire pumps. These pumps, utilized to extinguish wildfires, are highly efficient and can be transported by camp superintendent vehicles into remote locations where vehicle access is restricted. With the partnership of the FY 09 RFA Grant Program, the District will have the necessary funding to complete this project.

Implementation of Strategic Plan Goals

Approval of the recommended actions are consistent with the County's Strategic Plan Goal Number 1, Operational Effectiveness, through emergency preparedness and response efforts; and, Goal Number 5, Public Safety, by maintaining and ensuring the highest level of safety and security standards for the residents of Los Angeles County by providing District Camps Section superintendents with critical wildland equipment to enhance their response capabilities.

Strategic Asset Management Principles Compliance

N/A

FISCAL IMPACT/FINANCING

With your Board's approval of the attached Appropriation Adjustment, sufficient funding will be available in the District's Operations Budget Units Services and Supplies appropriation in the amount of \$16,000 to address the projected appropriation needs this fiscal year.

Matching funds will be identified in the District's Operations Budget Units Services and Supplies

appropriation, in the amount of \$1,580. Maintenance costs incurred to support equipment maintenance and replacement needs outside of the FY 09 RFA Grant Program award will be funded within the District's existing budget. There is no impact on net County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Department of Interior has provided the District with guidelines for the administration of the grant agreement. These guidelines detail the activities and expenditures that are allowable for reimbursement.

The performance period for the FY 09 RFA Grant Program is October 1, 2009 through September 30, 2010.

ENVIRONMENTAL DOCUMENTATION

The recommended actions are not subject to the provisions of the California Environmental Quality Act. They will not result in a direct or reasonable foreseeable indirect physical change in the environment in accordance with Section 15061(b)(3) of the State of California Environmental Quality Act guidelines.

CONTRACTING PROCESS

All equipment will be requisitioned through and acquired by the County's Purchasing Agent in accordance with the County's purchasing policies and procedures, established by the Internal Services Department.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of the recommended actions will ensure the District's ability to provide effective and essential levels of public safety to the residents of Los Angeles County, as well as expand the quality and productivity of the District's emergency services.

CONCLUSION

Upon approval by your Board, please instruct the Executive Officer to return a copy of the adopted board letter to:

Grant Title - Rural Fire Assistance

Grant Type - Non Construction, Non Profit

Congressional District - CA-06

Project Period - October 01, 2009 to September 30, 2010. This grant may be renewed for subsequent fiscal years, subject to the availability of funds, by mutual written modification.

Program Overview:

The Department of Interior Rural Fire Assistance program is designed to enhance the fire protection capabilities of rural fire districts. Safe and effective fire suppression in the wildland/urban interface demands close coordination between local, state, tribal, and federal firefighting resources. The program funds training, equipment purchases, and prevention activities, on a cost shared basis. The public will benefit by having reduced fire loss, the development of fire prevention programs, and the reduction of occurrence and intensity of wildland fires within the urban interface.

The authority of Public Law 106-291, Title IV, Wildland Fire Appropriations for the Department of the Interior and Related Agencies Act, 2001, which states, in part, the Department of the Interior will provide rural fire assistance.

The National Park Service may provide technical assistance, training supplies, materials, equipment, and participate in interagency prevention and educational activities on a cost share basis. The maximum allowable contribution from the Department of the Interior per Rural Fire Department per year is established at \$20,000. The cost share basis is 90/10. Cooperator contribution may be in the form of in-kind service or dollars.

Proposal Scope (description of proposal on individual site or project basis, with identification of each site):
